

COVID-19 is serious, and while its risks to camp-aged children is currently believed to be small, it can cause serious illness and, in extraordinary cases, even death. The camp has designed and will be implementing measures to screen campers and staff in order to be admitted to come to camp. As well, numerous measures have been put in place in order to manage activities and other aspects of Camp life in order to reduce the chances of infection and illness.

More information about COVID-19, including suggestions for basic precautions and personal health and hygiene pertinent to COVID-19 can be found by clicking [here](#). Information at this link may be updated as circumstances evolve, and these guidelines are always subject to change. We recommend that you check these guidelines frequently for the most current information.

You can also [click here](#) to see a health checklist detailing specific precautions to take and symptoms to be aware of as part of your pre-camp screening process. We urge you to read this information, and consult with your camper's personal physician as to the risks of COVID-19 that may specifically affect your camper, before signing this agreement.

## **ADDENDUM AND UPDATES TO TERMS AND CONDITIONS**

For and in consideration of the services of the Camp in continuing and enhancing its summer program to address the threat of the COVID-19 pandemic, I, parent/guardian, acknowledge and agree as follows:

I have read and understand the information provided to me by the Camp, including the information above, the links and references to other sources of information above, and the potential costs, set out above, which may be billed to each child's camper account.

I further understand and acknowledge on behalf of myself and my child or children who will be attending at Camp Northland in the summer of 2021 (hereinafter referred to as "my camper") that they may be exposed to COVID-19 while at camp. I have discussed the risks with my camper, who wishes to attend camp, nevertheless. For myself and my camper, I accept and assume all such risks, inherent or not, and the consequences of my camper's exposure to or contraction of COVID-19, or any variant of concern, and of other infectious disease. I assume such risks even if such loss is caused in whole or in part by the negligence of a Released Party (identified below).

I acknowledge and accept that the Camp shall be entitled in its sole discretion to enact COVID-19 protection and health-related policies, including but not limited to, policies that:

1. Require that you, members of your household, and your camper(s), isolate or quarantine, at home and or at Camp, as may be necessary in the interests of the Camp, or as otherwise required at law;
2. Require that campers and staff remain onsite at camp during the entirety of the summer session in which your camper is enrolled;
3. Prohibit] visitors from entering the site;
4. Require that Camp operate programs, in accordance with Provincial Guidelines, Ontario Camping Association, and Health Canada guidelines, in consistent cohorts (including staff members) who reside, congregate and participate in programs exclusively within their cohort throughout the entire duration of the program if required, without interactions with members of those outside their designated cohort unless camp policies for interacting with other cohorts are followed;
5. Require that such further and other Health and Safety policies be implemented, including but not limited to mandatory mask use and COVID-19 testing (before and during camp), as may be required at the Camp's exclusive discretion.
6. Require my camper to use facilities only at scheduled times and require that my camper may be required to assist in maintaining a safe camp environment by participating in regular cleaning and sanitization before and/or after the use of certain facilities or equipment at camp, assisting with meal service(s), using household cleaners from time to time, etc.
7. Acknowledge and accept that as a parent I, or a designated member of my household, must remain available to pick up my camper from Camp within 12 hours of being notified by Camp staff, should a positive test or exposure occur.
8. Permit camp staff and the Medical Advisory Committee to follow and interpret Public Health guidelines when making decisions regarding symptoms, a positive test or possible COVID-19 exposure (an identified ?close contact?). This includes but is not limited to treatment, isolation, and/or quarantine and or removal/pick up from camp.

I further acknowledge that a special "COVID-19 charge" of \$250 will be added to camper fees, to account for additional PPE, safety costs and testing. This charge is subject to the same refund policy as all other camp fees. This fee will need to be paid to the camp prior to June 1st, 2021

I further understand and acknowledge that programs and/or activities that have historically been offered by the camp will not necessarily run if the camp deems it either unsafe, not preferred or not practical to run for the summer of 2021. This may include but is not limited to camp-wide programs, instructional swim, outtripping programs, ropes course, and hobbies.

The Camp will exercise its discretion to change and adapt policies, activities, and programs as may be required to ensure safe and efficient camp operations. I acknowledge and accept that these policies and

changes may be fluid (subject to change) in this context. Any representations made in other collateral materials, marketing representations, or promotional videos are overridden by the current changes to our policies, terms, and conditions for the upcoming summer.

I, Parent/Guardian, for myself and on behalf of my Camper, hereby agree as follows, to the maximum extent allowed by law:

a. To release and not to sue or bring any claim or action against Camp Northland, the Jewish Camp Council of Toronto, their respective owners, Officers, Directors, employees and staff (including volunteers, instructors and clinicians), agents and contractors, individually and in their representative capacities, and their respective heirs ("Released Parties") with respect to any and all claims, demands, actions, causes of action, damages, injuries or losses of any kind which may arise out of, result from, or relate in any way to the COVID-19 virus during my camper's participation at camp (collectively "claims") arising in whole or part from my Camper's enrollment, attendance at or participation in camp activities, residence at and movement about the camp premises, use of its facilities and equipment, and transportation to and from the camp.

b. to indemnify ("indemnify" meaning to protect and pay claims and damages including costs and lawyers' fees) the Released Parties and each of them, from and against any and all claims, by whomever they might be brought (family members, fellow campers, and others) arising in whole or part from a loss incurred by my camper which may arise out of, result from, or relate in any way to the COVID-19 virus as a result of or in connection with their enrollment, attendance at or participation in camp activities, residence at or movement about the camp premises, use of the camp's facilities and equipment, and transportation to and from the camp.

These agreements of release and indemnity include, but are not limited to, claims based in whole or in part on the negligence (but not the gross negligence or intentionally wrongful conduct) of a Released Party, and extend to indemnify each Released party for all costs and lawyers' fees incurred by each such Released Party.

I have been advised that before signing this Addendum (which includes the Release and Indemnity), I am free to obtain independent legal advice regarding this Addendum from a lawyer of my own choice, and I acknowledge that I have had sufficient time to review and seek independent legal advice before signing this agreement.
